

EDEN

Turn Ideas Into Reality

www.ikpeden.com

SPACE WHERE MAGIC HAPPENS

IKP EDEN is one the top Start-up and Innovation Hubs in India.

IKP Knowledge Park has a proven record of driving innovation and entrepreneurship since 2000. Over 900 start-ups have been supported in the IKP ecosystem.

IKP EDEN was established in 2015 and has hosted over 180 startups.

We work with the Department of Science and Technology, DBT-BIRAC, Govt of India, USAID, DFID-UK, the Bill and Melinda Gates Foundation, the Govt of Karnataka and other similar organizations to support start-ups.

IKP EDEN is a place to create products from concepts.

Being a part of a rich and multidisciplinary IKP ecosystem, EDEN provides a unique, multi-dimensional and a collaborative environment where brilliant minds work together to create path-breaking products.

IKP EDEN WORKSPACE

TURN IDEAS
INTO REALITY

At IKP EDEN we ensure that you and your teams have the best facilities to collaborate and realize your vision. There are several options available that can be customized as per your requirements.

Start small with the Co-working space.

As your company grows, you can shift to our dedicated cabins. These are in different configurations that give you the flexibility to choose what you need.

And did we mention the energizing discussions along with free coffee in our dedicated cafeteria?

EDEN'S MAKERSPACE

EDEN

- HAAS VF-2 4-axis CNC milling machine with a 5-micron precision
- DRO Milling
- CNC turning center
- Lathe
- 700w Metal laser cutting
- Hydraulic Press Brake
- Welding station (ARC & TIG)
- Melting Furnace
- Vacuum forming
- Injection Molding
- 3D printing lab (SLA and FDM) assists entrepreneurs in visualizing new concepts rapidly
- Wood station with
 - CNC Router
 - Table saw
 - Mitre saw
 - Planer
 - Jigsaw
 - Orbital sander

Have you ever had a product idea and wanted to see how it would 'look and feel' in your hand? Well, look no further! Our state of the art facility can help you realize your dream. It is fully equipped with a vast array of equipment to work on Metal, Plastic, and Wood.

OUR ELECTRONICS LABORATORY IS EQUIPPED WITH A

- MT & , SMT oven
- Function Generator
- Oscilloscope
- DC power supply
- Rework station
- Soldering station
- Digital Multimeter
- Clamp meter

**EDEN****Turn Ideas Into Reality****BioNEST-B**

BioNEST @ EDEN

**SPACE
WHERE
MAGIC
HAPPENS**

We have a Biochemistry laboratory that is ideal for Diagnostics Development, Clean tech, Deep tech, Agri tech, Assay development, Molecular Biology, Microbiology and Mammalian Tissue Culture research. The laboratory is outfitted with cutting-edge equipment and ISO7 Clean Room.

Working at BioNEST @ EDEN would provide you the chance to connect with experts and other start-ups. You can devise the best strategy for achieving your objective. With fully furnished shared spaces startups can begin to innovate as soon as they move into the lab.

BioNEST supports startups beyond the prototype stage through partnerships for clinical validations, regulatory and market access. To enable rapid product development, BioNEST has collaborated with reputed hospitals and clinical research centers such as St Johns Health Innovation Foundation, JSS Academy of Higher Education and Research and Aster Digital Health Incubator and more.

For access to animal testing facilities for pre-clinical investigations, BioNEST has partnered up with animal facilities in Bangalore.

OUR EQUIPMENTS

Common Lab Equipment

- Water purifier - Elix 5
- Water purifier - MilliQ
- Multi- User-Friendly Autoclave SX 700
- Portable Small Autoclave
- Electronic Balance (max 220 g, d=0.1 mg)
- Precision Weighing Balance (max 3100 g, d=0.01 g)
- Refrigerated Microcentrifuge 1- 14K
- Refrigerated Centrifuge 2-16KL
- Non-Refrigerated Centrifuge (max 6000 rpm)
- 4°C Refrigerator
- Freezer (-20°C)
- Deep Freezer (-80°C)
- Liquid Nitrogen container for sample storage
- Thermal cycler (T100)
- Agarose Gel Electrophoresis unit
- SDS PAGE unit
- Western Blotting unit
- Molecular imager - Gel Doc XR+ with Image Lab software
- UV-Vis Spectrophotometer
- Microvolume Spectrophotometer (Nanodrop)
- Biosafety Cabinet Class II
- Microprocessor based Colony counter
- Compound Microscope
- Benchtop Small Shaker Incubator (min 20°C - max 60°C)
- Shaker incubator with sticky mat (min 18°C - max 65°C)
- Small Incubator - Static
- Stirred Water bath
- Microwave Oven
- pH Meter
- Hotplate Magnetic Stirrer
- Laboratory Hot Air Oven
- Dry bath
- Ice Crusher
- Dual Tier Gel Rocker
- Vortexer
- Ultrasonicator
- Vacuum pump unit

Special Equipment

- Luna II Automated Cell counter
- CO2 Incubator
- Fluorescence Microscope
- Multimode Multiplate Reader -SNERGY H1M (Fluorescence, Luminescence, UV-Vis)
- Radox Rx Misano - Biochemistry analyser
- Real Time PCR (CFX96)

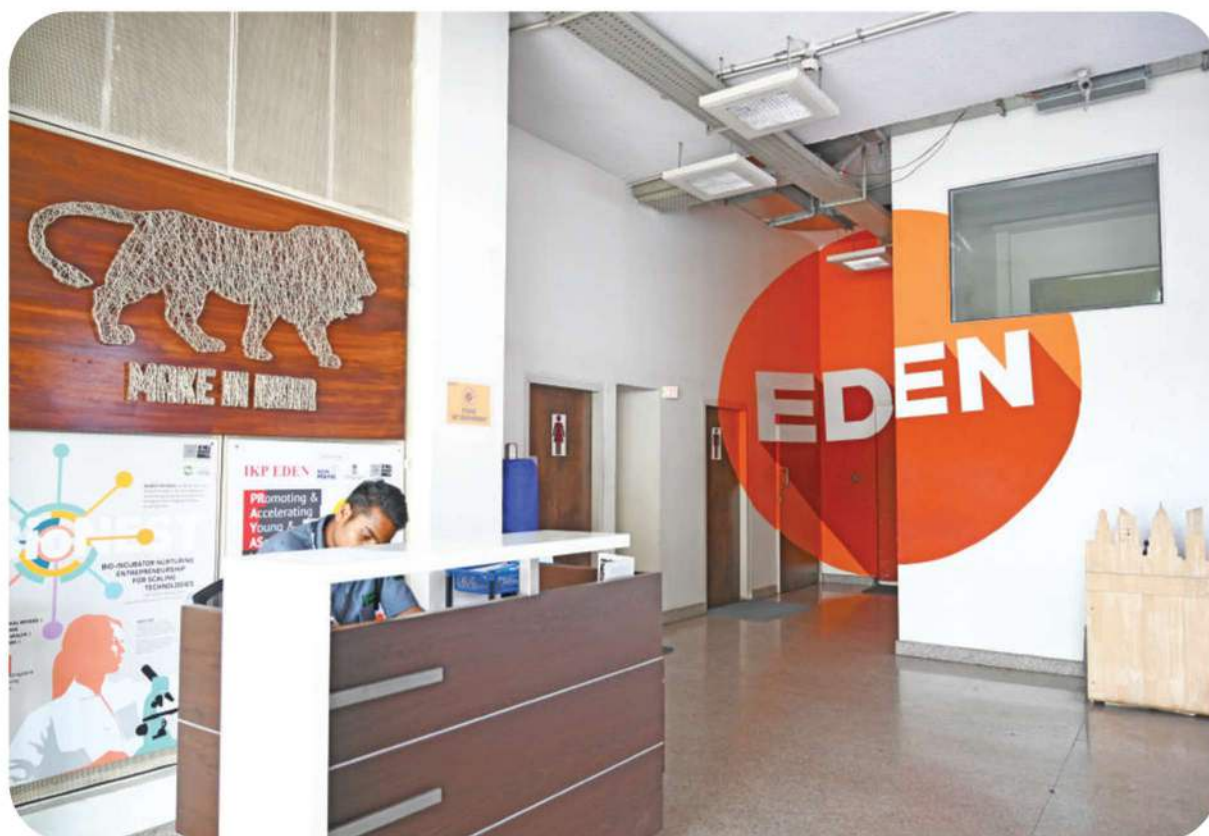

Talk to us for the pricing. We promise to provide you with the best offerings.
